We again call the attention of the people to the third annual fair of the Nevada State Agricultural, Mining and Mechanical Society, to be held Sept. 11th to 16th, inclusive, at Reno. The Society offer speed premiums to the amount of ten thousand dollars.

The other premiums for exhibits are also generous as one can readily perceive by glancing at the list in the Society's pamphlet. It is intended to make our coming Fair the best ever given in the State. Everything that human ingenuity can devise to accomplish that end is being done by the Managers. We can truthfully assure the people of the State that their interests have been carefully consulted, and all efforts they may make to contribute to the grand result will end to their complete satisfaction. Then we ask them once more to aroste to the importance of the occasion, call their State pride to their aid, and by their exhibits and presence assist in making worthy of the occasion Nevada's Centennial Fair. Full details can be learned by reading the Society's pamphlet. They can be had by applying in person or by letter to the Secretary.

The entrance of Colorado into the Union as a State completes a round twenty-five that have been received since we commenced business. We

started in trade under the Constitution of 1787, with thirteen States, seven free and six slave. The first addition was that of Vermont in 1791,

and not a decade has passed without bringing us acquisitions. The longest interval is that which has just occurred; the latest admission, previous to Colorado, being that of Nebraska, in 1867. There remain nine Territories, including Alaska, to build new States from. New Mexico is already on the threshold; and Utah

would have been in long since save for the curse of polygamy. As to Colorado's political standing we elected the Congressional delegate, in 1872, by a majority of 1,336 in a total vote of 13,856. In the reaction of 1874, the Democratic delegate was elected by a majority of 2,163 in a total vote of 16,503. This year the Republicans expect a majority of about 3,000.

And now "those priests" are making trouble in Kentucky. Last Sunday, in a church in the suburbs of Covington, Father Goebels, Roman Catholic, violently denounced the common schools as nurseries of vice, and threatened to excommunicate any member of his church who should send his children to the public schools. A good deal of disturbance has been produced in the neighborhood by this Ultramontane demonstration, and a protest, signed by both Catholics and Protestants, has been filed at this officious priest, who but follows the teachings of Bishop McQuade and of the Roman hierarchy in general who are faithful to the decrees of the Pope against common schools.

In 1864 the New York Democrats gave the nomination to McClellan. In 1868 they secured it for Horatio Seymour, also a New Yorker. In 1872 Mr. Greeley, of New York, led the Democratic host. In 1876 New York again comes to the front, and insists that she must have the leadership once more. The Democracy of the country appears to be run for the benefit of New York. But New York does not run itself for the benefit of the Democracy of the country. That's the material difference.

There is peace in Florida again, Governor Stearns withdrawing in favor of Senator Conover. There are four electoral votes there, and it looks now as if they might be cast for the Republican candidate.

MINING NOTES.

The Chollar-Potosi mine produced nearly 600 tons of ore last week, averaging \$22 per ton.

It is said that one of the brokers purchased 1,500 shares of California Eastern orders day before yesterday.

A rich strike of horn silver has been made in the Cornucopia District. The location is known as the Grand Prize, and the discovery was made thirty-five feet below the surface.

The sum of \$8,712 was received from the Tybo Consolidated mine Tuesday, making a total of \$38,400 on July account. On the 17th, \$5,000 was sent down from the Leopard mine. The Eureka mine at Grass Valley produced 500 ounces gold amalgam last week.

The Defiance Mining Company, of Inyo county, California, have levied their first assessment of 50c per share, amounting to \$50,000, delinquent August 26th. The Santa Rosa Mining Company of Storey county, have levied an assessment of 25c per share, amounting to \$25,000, delinquent August 22d. This is the twenty-second assessment.

The annual meeting of the Yellow Jacket Mining Company was held at Gold Hill, and resulted in the re-election of the old officers: as follows: T. G. Taylor, (President and Supt.) James G. Fair, F. A. Tittle, Geo. A. King and D. L. Bliss. Geo. W. Hopkins was reappointed Secretary. An assessment of \$1 per share, amounting to \$120,000, was levied just after the election, the second tax on the new stock, and the twenty-third assessment since the opening of the mine, aggregating \$2,598,000, against \$2,184,000 dividends.

The product of the Manhattan mine this month is unusually large. The shipments to date have been \$134,600. This is the largest produced in a long time, and it would seem to indicate a resumption of dividends at an early day.

The stockholders of the Trojan Mining Company are still dissatisfied.

The sinking of the Caledonia shaft has been resumed, the water now being under control.

J. R. Keene has captured Savage by about 10,000 shares majority. The fight has been a tough one, but the present management will now yield gracefully and will lie and watch Mr. Keene's efforts at mine management with a good deal of interest.

A correspondent is informed that a dividend on mining stock can be collected on any business day after said dividend falls due.

CALIFORNIA STATE NEWS.

There were eight deaths in Sacramento last week—six adults and two children.

Work has become light in the State printing office at Sacramento and about half the force was discharged last Saturday evening on that account.

It is estimated that 150,000 pounds of honey will be shipped from the various ranches in Santiago canon, Los Angeles county, this season.

The Sacramento Valley Beet Sugar Works will resume operations on the 25th inst., and workmen will be employed on and after the 20th. Old hands are preferred, and men with families will be given the preference over single men. Residence at the works will be required.

Samuel Longabaugh, a sheep herder, was found dead in his bed at the Western Hotel, in Sacramento, Monday evening, and as he had been drinking very hard for about a week, he is supposed to have taken an overdose of chloroform to produce sleep.

It is claimed that E. Anderson, present Postmaster at American Ranch, in Shasta county, has been longer in the position than any similar official in California. He received his appointment under President Pierce, in February, 1857, and was sworn into office March 13th, of the same year.

Last Thursday the Chinese population of Santa Cruz, through an interpreter, sought an explanation of the new license imposing a poll tax of \$2 50 and a license of \$15 a quarter, saying they were willing to pay the poll tax, though they thought the license on wash-houses exorbitant. The Collector gave them no notice that a failure to pay would be followed by a suit in court. They took the matter under advisement until Saturday, and on Monday they were paying their licensees without trouble, their interpreter having strongly recommended them to do so.

TELEGRAPHIC NEWS.

EASTERN DISPATCHES.

Indian Matters.

CHICAGO, July 19.

The following telegram has just been received at the military headquarters in this city:

FONT LARAMIE, July 18.

To Colonel R. C. Drum, Adjutant General, Division of the Missouri:—A courier just in from Red Cloud reports that Merritt intercepted the Cheyennes and Sioux, who attempted 800 strong, to join the hostiles, and drove them back to Red Cloud, killing one Indian.

E. F. THOMSON, Com.

A Prospect.

NEW YORK, July 19.

A Washington special says that unless there is a change in the programme to-day before noon Secretary Robeson will be impeached soon after the House meets.

Miscellaneous.

The Custer monument fund has reached \$3,065.

Mrs. Annie Johnson was murdered last night at Leavenworth by Louis Baldwin, whom she had several times refused to marry.

A deputation waited on a large meeting of Lancashire cotton-spinners yesterday at Manchester and persuaded them to postpone a reduction of wages for a month.

WESTERN DISPATCHES.

San Francisco News.

SAN FRANCISCO, July 19.

A report that Jim Keene had compromised with the Bonanza Ring, in the Savage fight, is denied by him, and he says he is going to fight it out.

It is rumored that a consolidation of the Bonanza mines, Consolidated Virginia and California, is under consideration by the controlling powers.

In the Board of Education last night a project to establish a training school for teachers, where they can be taught to manage schools, was laid over for one week.

Johnny Ayres, nine years old, was run over and killed by a San Pablo avenue car in Oakland yesterday.

Fifty-four new cases of small-pox were reported at the Health Office during last week, against thirty-nine cases the previous week. The nine-two cases of the past two weeks were reported from the following sections of the city: in the vicinity of the northerly part of Leavenworth street ridge, mostly on Jackson and Pacific streets, forty; central portion of the city and water front, nine; North Beach, two; south of Market street, thirty-two; Mission Ward, seven; west of Leavenworth, two; from the French Hospital, one.

The Savage election will be held to-morrow. It is stated on good authority that Colonel Oshiston will then resign, and that Pat McKay will be appointed Superintendent.

STATE NEWS.

Parties in Elko, just in from Cornucopia, confirm the report of the richest strike yet made in that district. A vein three feet thick has been struck about thirty-five feet from the surface showing horn silver in large quantities. The new location is known as the Grand Prize.

It is causing much excitement among the miners and others, and it is the general opinion a bonanza has been struck.

Jake White, who has so long controlled the stage line between Virginia and Gold Hill, has sold out the business to Philip Reese and D. L. Bliss. With the business went all bills contracted by the Omnibus Company since the first of July. All such bills must be presented to H. W. Putnam, who is now the agent of the line.

Naches, Chief of the Piutes, upon hearing that a band of 200 Shoshones under Washikie, had gone to join Crook in the war against the Sioux, remarked that he would like to take a hand in the fight with some of his Piute braves, and regrets that weak eyes would prevent him from taking good aim at an adversary.

The Flying Gallery will return to Reno during the State Fair. Wait and get good pictures cheap.

At 20 minutes past 12 last Sunday night a fire broke out at Eureka in a China wash-house on the south of Main street, opposite the Atlas furnace. In a few minutes the building was enveloped in flames, which speedily communicated to the Elko Hotel, large frame belonging to Louis Laschenkohl, just below the wash-house, and from thence to the blacksmith shop and dwelling of Philip McMillan, all of which were totally destroyed, with most of their contents. A small frame stable on Buell street, belonging to N. A. Williams, was also burned. The residence of H. Z. Ottman was badly scorched and was only saved from destruction by the strenuous efforts of members of the fire department.

The fire had got a good start before it was discovered, and if a strong wind had been blowing at the time it is very probable that a large portion of the town would have been destroyed. As it was the danger was at one time imminent. Brands of fire were blown a long distance, and the roofs of several buildings half a dozen blocks from the fire were ignited from the flying cinders; but fortunately were extinguished before any damage was done. The following is a list of losses: Herman Brischer, China wash-house, \$500; L. Loscherkohl, Elko Hotel, residence, etc., \$6,500; Phillip McMillan, blacksmith shop, residence, \$3,000; Zattman, damage to residence and blacksmith shop, \$1,000; Eureka and California Lumber Co., \$200. The fire is supposed to have been the work of a Chinese incendiary.

"DIXIE" was the tune most played at the St. Louis Convention. "Dixie" will be the tune on which the Southern campaign will be run, and "Dixie" will be the National policy if the Democrats ever get into power.

The National Gold Medal was awarded to Bradley & Rutledge for the best Photographs in the United States, and the Vienna Medal for the best in the world.

JOURNAL OFFICE.

The office of this paper is now in the new two-story brick JOURNAL Building on Second, between Virginia and Sierra Streets.

PRISON MATTERS.—The Board of Prison Commissioners, consisting of Secretary of State Minor and Attorney General Kittrell, came down from Carson yesterday to receive the work on the Reno prison. They were accompanied by Warden Hyman, and together visited the prison and inspected the work. Their official action is considered favorable for receiving the work.

FIRE.—A pile of rubbish in the rear of John Hoy's house, on Virginia street, accidentally took fire yesterday, but was discovered in time and extinguished before any damage was done. The buildings in that vicinity would make a very warm fire.

RIGHT OF WAY.—The State Fair Managers have purchased the right of way through Morton's ranch from the road to the Fair grounds, for a grand entrance, being a strip of land eighty feet wide and a little over a quarter of a mile long. The price for it was \$600 but no better bargain could be made, and the Society needed the strip.

THE store adjoining the Pollard House is offered for rent. For terms apply at the New York Bakery. See advertisement.

A SPECIAL communication of Reno Lodge, No. 13, F. & A. M., will be held at Masonic Hall, Saturday, July 22d, for work. All members and sojourning brethren in good standing are requested to attend. By order of the W. M.

The Reno Library.

EDITOR JOURNAL.—I see that at the last meeting of the Library Club they decided to close the institution to all but good members, barring delinquents, strangers, youth and all from its benefits. As the library was started as a public institution for the use of the public, it seems strange that now the doors are to be closed.

The delinquents may deserve this, but all know that for the past few months the room has been visited by a great many strangers who have felt very grateful for the opportunity of enjoying a quiet hour with the books and papers. How will it appear now when each good member must buy a key and carefully lock everybody out just as if it was a secret organization. This key business is an injustice even to the favored ones, for after paying dues and assessments must now buy a key to get into the room. The youth of Reno have made regular and frequent visits to that place and have both been benefitted by the reading and associations found there and have been kept away from saloons. This must be stopped now for the doors are to be locked against them. The people, not the club alone, have contributed liberally to the good library and have attended the parties, concerts, etc., given for its benefit. Notwithstanding all these facts the doors must be shut to all but paying members, and thus the very object of the institution is defeated. The meeting last Monday night made a grave mistake when it passed that resolution, and in the name of the strangers and boys I hope it will be rescinded right away. The Library has done and will continue to do much good to all. It is a lamentable state of affairs if the 200 members do not pay in dues enough to run the institution. But lamentable as it is, that is not sufficient reason to stop its usefulness. Give more balls if necessary. I am quite sure that if the delinquents were told individually how matters stand they would pay up their back dues. Do anything before close the Library to the public. A PAYING MEMBER.

BISHOP WHITAKER'S SCHOOL FOR GIRLS.—Bishop Whitaker's school for girls, at Reno, will be open for the reception of pupils about the 1st of October next. The *Enterprise* of yesterday says the school will be equal in every respect to the best educational institutions of the kind in California. Some time since the sum of \$10,000 was donated for the founding a school of this kind in Nevada, by Miss Catherine L. Wolfe of New York City, providing there should be raised by the people of this State a like sum. The citizens of Reno raised \$5,000, and Bishop Whitaker has almost raised the additional \$5,000. The school building, the frame of which is up—is 40x88 feet in size, and three stories in height. It stands in the middle of a block of seven acres of ground in the northwest part of the town, three-quarters of a mile from the railroad depot, and overlooks the whole valley. The building will contain accommodations for forty boarders, six teachers and sixty day scholars. The school will open with four teachers. The principal will be Miss Sill, a graduate of Vassar. The music teacher engaged is Miss Qaniff of Adrian, Michigan, and the matron is Mrs. E. N. Stephenson, well known in San Francisco, and last year a teacher in Washington City. The school building will be heated with steam, and will contain all the modern improvements. It is intended to make this school so perfect in all respects that it will no longer be necessary to send the young ladies of Nevada out of the State for the purpose of obtaining a suitable education.

THE picnic of the Pacific Coast Pioneers, is to take place August 5 at Farmer Treadway's ranch, Carson City. It will undoubtedly be the grand picnic of the season.

A SPECIAL communication of Reno Lodge, No. 13, F. & A. M., will be held at Masonic Hall, Saturday, July 22d, for work. All members and sojourning brethren in good standing are requested to attend. By order of the W. M.

W. A. WALKER, Sec'y.

WANTED.—Twenty-five good square timbermen. Apply to S. S. Watson, Hunter's Creek, below Mackey & Fair's upper mill.

The store adjoining the Pollard House is offered for rent. For terms apply at the New York Bakery. See advertisement.

BISHOP WHITAKER'S SCHOOL FOR GIRLS.

Bishop Whitaker's school at Reno for girls will open early in October. Thoroughly competent teachers have been engaged, and Bishop Whitaker, who had long experience as teacher before entering the Ministry, will have supervision of the course of study, choice of teachers and discipline. The school building will be a large three-story wooden structure, thoroughly equipped in modern style.

PIONEER BARBER SHOP.

Mossrs. Enke & Morris are still at the old stand. Three first-class artistes can always be found on hand, who are second to none on the Pacific coast.

There is nothing so luxurious on a warm Summer day, than to sit under the manipulations of one of these artists. If you are troubled with dandruff, have a headache, or a fit of blues, an application of our justly celebrated "Tonic Magnific" will remove the same as by magic. Ladies and children wishing anything in the line of hair cutting and shampooing can be waited upon at their residence by Prof. Morris, who is no novice in the business. Hair restoratives, hair oils, bay rum and everything appertaining to the business always on hand. Give us a trial.

j2-1m ENKE & MORRIS.

GREY & ISAACS.

This young, yet popular firm, are now ensconced in their new store, adjoining Beck & Co.'s, and opposite their old stand. We can truthfully say that the same is one of the handsomest dry goods stores in the State. The firm make a splendid showing, but they could hardly do less, with the fine stock of goods they have. The success they have attained fully warrant them in carrying such a heavy stock, though this is the dull season, and yet they intend doing still better. Mr. Paul Grey, though young, has an old head on him, and understands the business thoroughly. And Isaacs is also very smooth.

PENMANSHIP.

Prof. J. Buck, from Sacramento, will open a Writing Academy on Monday at the school house. Day class will begin at 3 o'clock. Evening class, 8 P.M. Many will remember that Professor Buck taught a class here about three years ago. He comes among us highly recommended, and we bespeak him a good attendance. All who wish to acquire a good hand writing should not fail to improve the opportunity.

MANNING & DUCK

have received direct from the manufacturers a car load of Buckeye machines which they will sell at the following extremely low prices:

Iron frame new model Buckeye E.....\$120
do do do A.....130
Wood do do do 130
Harvester Mower and Self Rake Bumper.....230

A liberal discount on the above prices for cash. Also for sale the Hollingsworth Buckeye & Tiger Rakes.

jel7-1f

FIRE INSURANCE.

Parties desiring insurance against loss by fire will find it to their advantage to call upon J. K. Everett, at Larcombe's store, corner Second and Sierra streets, Reno, Nev.

Policies obtained at low rates in the following first-class companies: Home Mutual of California; Faneuil Hall of Boston, and Mississippi Valley of Tennessee.

Mr. JACOB PRESCOTT is our only authorized agent in Reno for the sale of the celebrated new style Florence Sewing Machine.
